ABOUT US

Service Team is a reliable HVAC service company that provides professional 24/7 HVAC service solutions for the retail, commercial, and industrial market. As you go-to company for high quality, reliable service at competitive prices in the GTA market.

With over 15 years of HVAC service and installation experience, our licensed and trained professionals provide the highest quality standards of work that includes a guarantee on all services performed.

Our Team delivers a three-step approach to HVAC services that lowers heating and cooling expenses, reduces overall equipment cost and prolongs life of your equipment.

1. Perform Regular Preventative Maintenance Service
2. Deliver Repairs (as needed).
3. Replace equipment (at end of life).

Service Team was founded to offer personalized service and build long-term business relationships with customers by providing an HVAC service customer can always count on for quality, budget-friendly, and timely delivery.

On-site service reports and service estimates are delivered electronically while the crew or field technician is still on the site. This provides the client with a detailed breakdown prior to the invoice being issued.

Our easy service solution across all customer portfolio and our digital approach make access to information much more convenient for all.

Service Team is your all-in-one destination for your HVAC needs. Operating with professional integrity, we will ensure that we deliver the best experiences to clients.

WHY CHOOSE US

QUALITY

Quality is the number one luxury in today's changing world and our high-quality approach is the main reason clients chose to work with us. Licensed, certified and experienced technicians are dependable, reliable and back by our service guarantee.

SPEED

Our streamlined process goes from:
[Service Request] > [On-Site Estimate] > [Service] > [Invoice]
within 24 hours (on most repairs).

COST EFFECTIVE

Regular scheduled maintenance, prompt repairs, or new equipment increase efficiency, property value and reduce overall HVAC cost.

COMPETITIVE PRICING

By eliminating over-complicated processes and low overhead cost, we can achieve competitive pricing that is not obtainable elsewhere for our clients.

CUSTOMER RELATIONS

We build long-term relationships with each client, which allows us to deliver personalized services to them and exceed their expectations.

PAPERLESS

We are 100% paperless to follow a sustainable and environmentally friendly approach to delivering you digital copies of service request, reports and invoices.

OUR SERVICES

PROFESSIONAL SERVICE SOLUTIONS

We provide professional services that lead to the design, procurement, delivery, and installation of top-notch HVAC tools for our clients. We have the capacity to handle any HVAC project right from scratch, using our wide experience to design effective HVAC systems, procure the best HVAC products, and install them to yield optimum and lasting results for clients.

Some of the HVAC products we provide as solutions to clients are:

- ❖ **Air Conditioning:** Packaged rooftop units, stand-alone systems, humidity control, indoor air quality, and server room cooling.
- ❖ **Refrigeration:** Freezers, walk-in coolers, reach-in coolers, under cabinet coolers, salad bars, and display cases.
- ❖ **Heating:** Rooftop and duct heating, suspended heaters, boilers, hydronic systems, electric heating, and heat recovery systems.
- ❖ **Ventilation Systems:** Kitchen exhaust, fume hoods, clean rooms, building pressurizations, garage exhaust, and fresh air control.
- ❖ **Indoor Air Quality:** Testing your air quality for a broad spectrum of contaminants and ensuring proper air circulation in your facility.
- ❖ **Air and Hydronic Balancing:** Testing, adjusting, and balancing services in accordance with the engineering specification.

OUR APPROACH

PREVENTIVE SERVICES

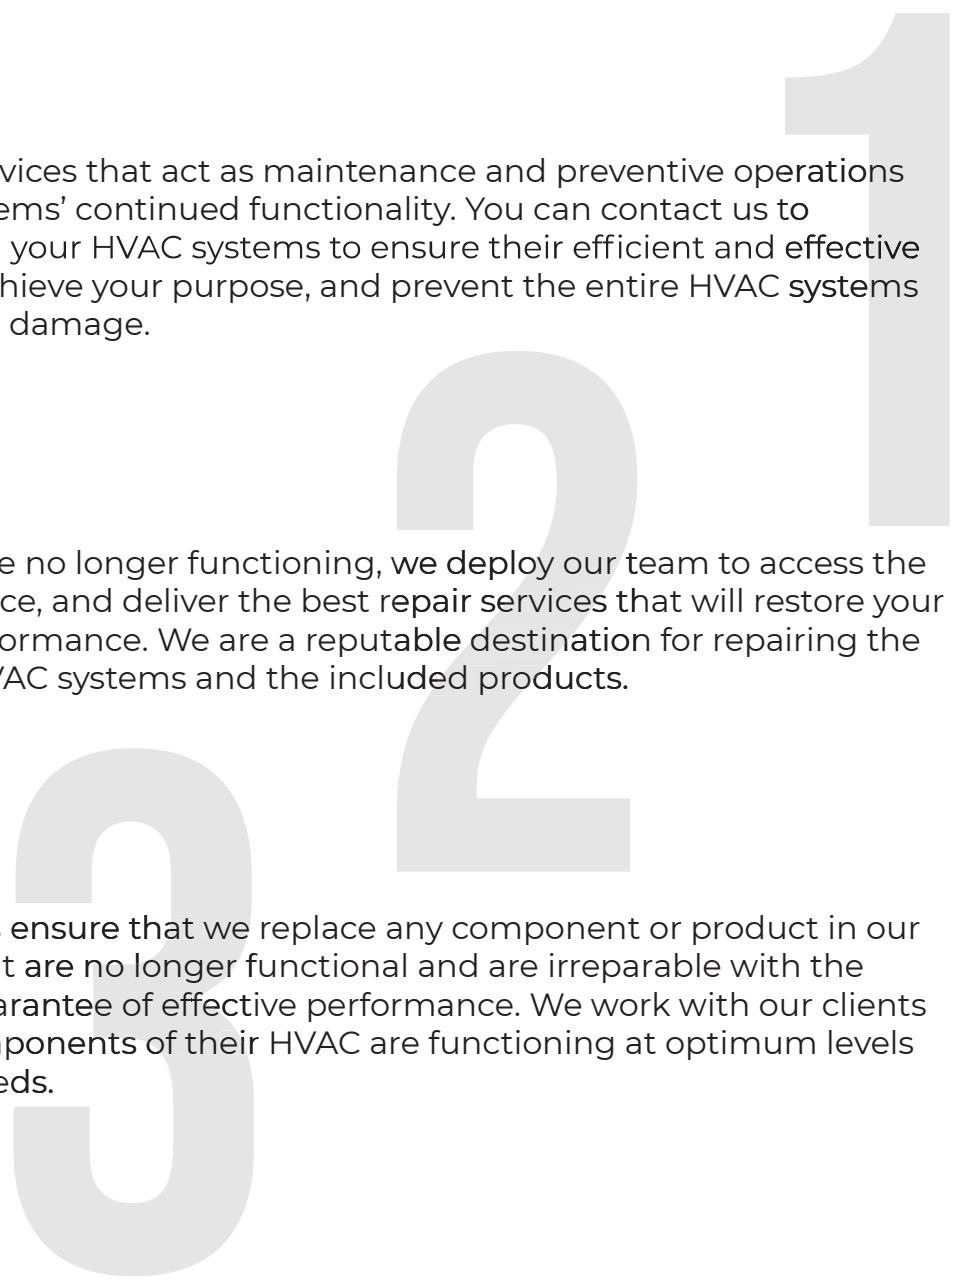

We provide a range of services that act as maintenance and preventive operations to ensure your HVAC systems' continued functionality. You can contact us to provide a timely check on your HVAC systems to ensure their efficient and effective performance, help you achieve your purpose, and prevent the entire HVAC systems from encountering major damage.

REPAIR SERVICES

For HVAC systems that are no longer functioning, we deploy our team to access the damage, prepare an invoice, and deliver the best repair services that will restore your HVAC systems to top performance. We are a reputable destination for repairing the complete spectrum of HVAC systems and the included products.

REPLACEMENT SERVICES

Our replacement services ensure that we replace any component or product in our client's HVAC systems that are no longer functional and are irreparable with the latest products with a guarantee of effective performance. We work with our clients to ensure that all the components of their HVAC are functioning at optimum levels to support our clients' needs.

GUARANTEE

We stand by our work 100% and guarantee to our customers that work will be performed the beyond the highest industry standard. We guarantee work quality of service and installation for the life span of the equipment

OUR MISSION

To continually deploy, innovate, and adopt technology to enhance the delivery of quality HVAC solutions to our clients.
